1. EMERGENCY MOTION ADMITTED TO THE AGENDA

E5 Conference notes the recent announcement in the April Frontline bulletin that the T&FSE intend to reserve ‘at least’ one seat for someone under 29 in June's elections.

Conference reminds the T&FSE to do this requires agreement by the CWU through a motion at general conference, a rule change or agreement by the NEC in-between conferences.

No report has been given to branches, motions have not been submitted and agreement has not been sought.

Therefore, despite the merits of the proposal, the T&FSE are instructed to refer this issue back to the NEC for a decision in line with union policies and June's elections proceed without any seats being reserved.

This is an unfortunate situation.
