Manpower agency staff working at BT are earning as little as the Government's legal minimum rate of £7.50 per hour. The vast majority are employed on Pay Between Assignment contracts which means they are exempt from equal pay protections guaranteed by the Agency Worker Regulations 2010 and are being paid less for carrying out the same tasks as their colleagues employed directly by BT.

We, the undersigned, call on BT and Manpower, to ensure that Manpower workers are paid at least the real Living Wage rate of £8.45 per hour and to cease using exploitative Pay Between Assignments contracts.
