

LTB No: 528 /2020

4th November 2020

**TO: ALL REGIONAL SECRETARIES
ALL BRANCHES**

Dear Colleague,

Campaign to Save ULF (England) – Template Letter

You will recall LTBs 492/20 and 505/20. Also, further to our recent CWU Live session relating to this issue, we would be grateful if Regions and Branches could make a coordinated effort to bring the attached template letters to the attention of ULF networks and individual learners.

The template letters are self-explanatory and once completed can be emailed directly to those people identified within it.

It would be extremely useful for members and representatives to be encouraged to send a copy of their letters back to Branches, Regions and directly to learn@cwu.org for collation to enable us to gauge responses.

It has to be acknowledged that the CWU response to the proposed attack on this funding has been magnificent and noted by the TUC and wider trade union movement. Indeed, the increase in the petition signatures culminating from our CWU Live session was noticeable. We are very grateful to all our activists for this.

It is crucial that we continue to lobby MPs regarding this issue and we trust that Regions and Branches will assist in this latest campaigning initiative.

Any enquiries relating to this LTB can be forwarded to equality&education@cwu.org

Yours sincerely,

Kate Hudson
Head of Equality, Education & Development
