

No. 391/2019

26th June 2019

TO: ALL BRANCHES

Dear Colleagues,

TUC Sexual Harassment Campaign

The TUC and an alliance of 20 organisations and trade unions have launched a campaign called **#ThisIsNotWorking**. This calls on the government to introduce a new, easily enforceable preventative duty that would require employers to take all reasonable steps to prevent sexual harassment in the workplace.

Attached is a copy of their manifesto for change.

We would be grateful if Branches could assist in pushing this worthwhile agenda forward by sharing the [petition](#) to your members via email and social media. Please include #ThisIsNotWorking in all social media posts.

The suggested social media texts are as follows:

Facebook:

1. Sexual harassment has no place in the workplace. But every day, people across the UK are sexually harassed at work. Join the call for the government to take immediate action. #ThisIsNotWorking.

2. We need a new law to prevent sexual harassment in the workplace before it happens. Join the call for the government to take immediate action.

3. Harassment shouldn't be a fact of working life - and it's time the government did something about it. #ThisIsNotWorking
