

No. 565/2019

27 September 2019

Our Ref: C1/19

To: All Branches

Dear Colleagues,

RMG Slips, Trips and Falls Safety Week 7 - 12 October 2019

The RMG SHE Central Team has advised that 7-12 October 2019 is Slips, Trips and Falls Safety Week.

Branches will know slip, trip and fall injuries are a significant problem in Royal Mail. They continue to be one of the highest causes of injury and the highest reason for accident absence.

The Health, Safety & Environment Department would request that ASRs assist in promoting this week, including carrying out slip/trip activity in units during this week.

The RMG SHE Teams in the regions will be supporting this initiative, and attached to this LTB is a range of safety related material promoting activities during the week.

Thanks for your co-operation.

Yours sincerely

Dave Joyce
National Health, Safety & Environment Officer
