

A hand holding a red heart-shaped balloon. The balloon is shaped like a human heart and has four small protrusions at the top, resembling arteries or veins. The background is a soft, hazy sky with a city skyline visible in the distance.

**Today is World Heart Day!  
Pass it on and share your organ  
donation decision.**

**PASS IT ON**

WORLD  
**HEART DAY**

---

A red EKG (heart rate) line graphic that starts as a horizontal line, then has three distinct peaks of varying heights, and ends as a horizontal line.

**World Heart Day**
