

LTB No. 307/20

10th June 2020

Dear Colleague,

Equality, Education & Development Department – New Facebook Page

The Equality, Education & Development department are currently in the process of fully merging our social media platforms with the assistance of our Communications, Engagement & Media Department.

We are delighted to announce that today we are launching our “new look” Departmental Facebook page.

The page is accessible with or without a Facebook account and can be viewed via this link: www.facebook.com/CWUEqualityAndEducation

The page will be used to share videos, articles and reports on the work, projects and events that the Department is undertaking and advancing on.

We have a programme of activities planned to support the launch this week including:

- A live session with the communications team at midday on Thursday 11th June.
- A live Pride event at 6pm on Thursday 11th June.

Other pages and platforms will gradually be closed down to ensure a consistent approach and to avoid duplication.

Branches, representatives and members are encouraged to like the page and share it as widely as possible.

Yours sincerely,

Kate Hudson
Head of Equality, Education & Development
